Software Development Experience & Skills

Dedicated and results-oriented junior web developer with a strong foundation in front-end and back-end development. Experience and knowledge in JavaScript, HTML, CSS, Bootstrap, SQL, React, PostgreSQL, and APIs. Began web development journey in Spring 2024, now enrolled in the SMU Full Stack Development boot camp. Possesses excellent problem-solving skills and a passion for creating user-friendly and efficient web applications.

Education

October 2024-Present(April 2025)

SMU Full Stack Development Boot Camp

- Created basic web applications such as a weather dashboard with JavaScript/TypeScript, APIs, and a car service application with JavaScript, HTML, and Bootstrap.
- Created command line applications such as a README generator, vehicle builder, and employee CMS utilizing languages and tools such as JavaScript/TypeScript, Node.js, and PostgreSQL.
- Highly accustomed with using the Git version control system, having used it throughout the program to complete both individual projects as well as group assignments.
- Collaborated with team members to create a basic car service application with JavaScript, HTML, and Bootstrap, with intuitive UI and functionality to store user input in local storage.

June 2023

Rockwall High School, Rockwall TX– *High School Diploma*

- AP and Pre-AP Student.
- First violin position in the TMEA Region 3 Orchestra.
- Section leader for six consecutive years, concertmaster for five years.

Work Experience

October 2023 - September 2024

Hobby Lobby, Rockwall TX– *Cashier*

- Greeted customers entering the store and responded promptly to customer needs.
- Operated cash register for credit card, cash, and check transactions with excellent accuracy levels.
- Learned duties for various positions and provided backup at key times.
- Worked flexible schedule and extra shifts to meet business needs.
